

*At Mexican Fiesta, we have proudly served delicious Mexican food for the people of Metro Detroit for over 40 years. It all started in 1963 with Sam and Frances Alvarado's dream in a small location in Dearborn Heights. With a lot of hard work that location steadily grew and so did the Alvarado Family. Three generations and two locations later, we are still here providing that same great Mexican food that many people have grown to love. We are proud of our past and our family, and we hope that it shows in our food and service.*
